

A message from Simon R. Kay, Acting (Interim) Chief Executive Officer

All of us at Basanite feel a tremendous responsibility to monitor, evaluate and respond to the rapidly evolving Coronavirus COVID-19 global pandemic. Our absolute top priority is to the health and well-being of our personnel, especially our employees, directors, customers and vendors. We remain fully committed to doing everything possible to support the needs of our business during these challenging times. We continue to follow the guidelines and recommendations of the Center for Disease Control (CDC) and other major health organizations. We are pleased to report that to date, none of our employees have tested positive for COVID-19.

We realize that keeping our facility clean and sanitized is more important now than ever before and we are providing hand sanitizers and cleaning wipes readily available for all personnel on-site. We have instituted all necessary precautions, including mandating frequent hand washing, eliminating the sharing of food and drink, insisting employees stay home when sick, limiting internal meetings (as well as the number of persons attending these meetings) and pausing any non-essential domestic business travel.

Today, we have begun implementation of social distancing. We are asking certain front office employees to work from home when and where possible, and are eliminating all non-essential on-site meetings, both in the offices and factory, until further notice. The Basanite Team fully understands the gravity of this pandemic and will take every precautionary measure possible. The situation remains dynamic, and information is updated frequently – we will continue to carefully read and understand the emerging guidance and make the necessary and appropriate decisions for the safety of all.

Our hearts go out to those who have been impacted by COVID-19. We are grateful to the healthcare workers, local communities and governments around the world who are working to contain this virus. Thank you for your continued loyalty, patience, and understanding. We stand with you and will continue to do all we can to ensure your safety and the safety of our employees.

Stay safe!

A handwritten signature in black ink, appearing to read 'S. Kay', with a long horizontal line extending from the end of the signature.
